FROM: Carmine Amento, Facilities Services

SUBJECT: PAPER TOWEL DISPENSER STANDARDS

Attached you will find information pertaining to the Bay West restrooms dispensers which are now being supplied by our vendor Eastern Bag & Paper.

I would ask your assistance in distributing the attached copies so that your Project Managers and Planners are aware of this item for renovations as well as new construction.

The dispensers will still be provided to us at no charge so when a new building or renovation is being planned please continue to inform us of your needs.

Thank You

86500 Silhouette® OptiServ™ Hands-Free

Description

The OptiServ™ Hands-Free dispenser only requires you to touch your personal towel, thereby reducing the chance for cross-contamination from touching commonly used surfaces such as levers or buttons which makes it ideal for food preparation and healthcare environments. This high-capacity dispenser accommodates up to an 800-foot roll along with a 4-inch stub roll to optimize dispenser capacity and save maintenance time. With each pull of the slightly exposed towel, the OptiServ™ dispenses and cuts a pre-measured 11-inch towel for maximum usage control. ADA compliant when installed according to the Guidelines for Accessible Design.

Features/Benefits

- Side-hinged door for ease when opening and loading the dispenser
- Supports the principles of HACCP since there is no need to touch the dispenser for use
- Unique stub roll feature that allows the fresh roll to self-start only after the stub roll is completely used
- Custom labeling available
